### 11 KILLED IN TRAIN WRECK

Locomotive Leaps From Bank  
and Drops Through  
Buildings

Imprisoned Trainman, Who Is  
Being Burned, Is Chloro-  
formed by Physician

BINGHAM, Utah, Feb. 15.—Four men were killed and four were badly injured when a locomotive hauling three cars loaded with ore jumped the track today, rolled down a hill 75 feet and crashed through the roof of the Citizens State Bank and the Bingham day works here. Three of the men killed were sleeping in the day works.

Fred Sharkey, cashier of the bank, was asleep in a rear room of the bank when the crash came. He was hurled into the street but was unharmed. The dead:

FRED ANNIS, engineer.  
FELIX LOMBARD, boiler washer.  
C. W. LEWIS, proprietor, tailor shop.  
Unidentified man who was sleeping in the tailor shop.  
P. J. GILLEGAN, a tailor, sleeping in the day works, was probably fatally injured.

**LEAPS FROM CURVE.**  
According to the yardmaster at Bingham, Engineer Annis lost control of his engine while it was coming down a steep grade. The engine left the track at a sharp curve directly over the business section of the town. The tender of the locomotive fell squarely on the bed in which Lewis and the man yet unidentified were sleeping. Every bone in their bodies was broken.

Engineer Annis was a new man on the road and was returning to town from his first trip to the mines when the accident occurred. The track was on a seven per cent grade and the train was traveling at high speed when the engine left the rails. The cars attached to the locomotive were broken, loose and thrown against the side of the mountain, on the uphill side of the track. Three stores were wrecked and the back end of the bank building demolished.

**PERISH IN FLAMES.**  
YARMOUTH, Maine, Feb. 15.—Three trainmen were burned to death today when fire in the wreckage of two Grand Trunk freight trains, which collided near North Yarmouth reached the demolished locomotives in which they were imprisoned.

One of the men in the engine cab, Harry Corliss, was alive when villagers reached the scene, but was so badly injured that he could not be extricated before the fire enveloped him. Corliss begged that something be given him.

### Puts Thumb on Live Wire And Is Instantly Killed

FRUITVALE, Feb. 15.—John Rawalt, a lineman in the employ of the Southern Pacific, was killed at noon today at the power plant at the foot of Fruitvale avenue when he placed his hand on a power wire and received 11,000 volts. According to eye-witnesses the man had been warned ten minutes before not to touch the deadly wire and laughingly said, "You don't get me near that." He was seen to walk de-

Sleuths Now on Trail of Those  
Not Placed Under Arrest  
Yesterday

BOSTON, Feb. 15.—Michael J. Young, business agent for the Boston branch of the Iron Workers' Union, surrendered to a United States marshal today in connection with the dynamite conspiracy indictment against him. He was held in \$10,000 bail for a hearing next Saturday.

Bail was not furnished, but as counsel, who accompanied Young, said he expected bondsmen to appear, the prisoner was remanded to the custody of the marshal.

INDIANAPOLIS, Feb. 15.—Official reports received by the government today showed that only six out of the fifty-four men indicted in the dynamite conspiracy had not been arrested. They are:

J. J. McCray, formerly an iron worker of Wheeling, W. Va., but said to have left there.  
J. W. Irwin, Peoria, Ill., local union official.  
Frank K. Palmer, Omaha, Neb., local union official, said to have left that place.  
Milton H. Davis, Philadelphia, former member of the executive board.  
Patrick Ryan, Chicago local business agent.  
William K. Benson, Detroit, former president-elect of the Detroit Federation of Labor.

The other members are Frank M. Ryan, president of the Iron Workers' Union.

### Sudden Acquirement Of Fat Kills Man

Slight Stature Grows to One of  
400 Pounds in Single  
Year.

BRIDGEPORT, Conn., Feb. 15.—Frank Deakin, who is dead at St. Vincent's hospital here, was killed, the physicians say, by his sudden acquisition of excessive fat. A year or two ago Deakin was a man of slight stature. He suddenly began to put on weight and not even the most vigorous treatment could prevent the constant increase. He was removed to the hospital, last month weighing nearly 400 pounds.

### What Would You Have Done in His Place?

Denverite Swore When Spilled  
Cup of Coffee In  
His Lap.

ST. JOSEPH, Mo., Feb. 15.—Dudley L. Furkple of Denver swore in a restaurant when he spilled a cup of hot coffee in his lap. He was arrested and haled before Police Judge J. T. Allen.

"I'll admit I used bad language," said Furkple to the judge. "But, your honor, I could not help it. I spilled a cup of steaming hot coffee all over my trousers and, under the stress of great pain and much embarrassment, I swore. I begged the pardon of the restaurant man, but a policeman arrested me."

"Of course you did wrong to swear," said the court, "but I believe that you were almost justified and that you have suffered enough. Your case is dismissed."

### BANDITS STEAL \$25,000 IN HEART OF NEW YORK

Jump Into Taxicab, Beat Messengers and  
Escape With Currency

NEW YORK, Feb. 15.—Twenty-five thousand dollars in currency was stolen from a taxicab in the heart of the financial district by three highwaymen, who sprang into the vehicle and overpowered W. F. Smith and Frank Wardell, messengers of the East River National Bank. Both messengers were seriously injured and the robbers escaped with the money—\$15,000 in \$5 bills and \$10,000 in \$100 bills. The currency was being transported from the Produce Exchange Bank in the lower part of the city.

The taxicab had proceeded up Broadway without mishap, when for some reason the chauffeur turned west on Reector street into Church street, skirting the side and rear of Trinity churchyard. About midway of the old cemetery three men sprang from the curb. One jumped on the chauffeur's seat and the other two got into the vehicle.

The man on the seat pressed a revolver in his overcoat pocket against the side of the chauffeur, Gino Martini, and commanded him to drive swiftly without making an outcry. Inside the vehicle the two robbers were belaboring the bank messengers over the head. Smith, one of the messengers, is 61 years of age and was bleeding and almost unconscious when the taxicab reached Park place, a few blocks north of Wall street. He was badly hurt, but not seriously.

### Deep Plot by Notorious Crook Arouses Suspicions of Dr. M. M. Enos

Man With Long Criminal Record Plays  
Jekyll-Hyde Role While  
in This City

Dr. Milton Abraham, alias Sir Harry Westwood Cooper, alias Ernest Moore Chadwick, who for the last six months has posed in a Dr. Jekyll and Mr. Hyde role in Oakland and Fruitvale, has disappeared and the police are making a search for him on a charge of violating his parole from San Quentin, from which place he was released on September 1, 1911. Cooper then came here, where he set up as a practicing physician, with offices at 949 Eighth avenue. Later he made his home at 1834 Liese avenue, with offices at Liese avenue and East Fourteenth street.

After establishing himself, Dr. Abraham commenced sending patients to the St. Anthony hospital at Ninth and Brush streets, where he became acquainted with Dr. M. M. Enos, the proprietor, and his head nurse, Miss Daisy Clim, paying court to her and insisting that she promise to be his wife in spite of the fact that he was married and had in the Fruitvale home a wife and mother-in-law. His next proposition was to offer to purchase an interest in the hospital. The negotiations were carried to such an extent that arrangements had been made to deposit part of the purchase price, and in this respect Dr. Abraham is said to have manufactured a counterfeit draft for 3,000 pounds English money on the Bank of New Zealand in London, and attempted to pass same on the Central National Bank.

### 2,500,000 Acres Taken From National Forests

WASHINGTON, Feb. 15.—Doubt as to the legality of an executive order signed by Theodore Roosevelt two days before he left the White House has caused the transfer back from the forest service to the Department of the Interior of more than 2,500,000 acres of Indian forest land in California, New Mexico and Arizona. Taft tomorrow, it is thought, will sign the executive orders reversing the action of his predecessor.

### Anonymous Letters Were Typewritten

BERKELEY, Feb. 15.—Questioned today as to the specific part which a rented typewriter played in the forgery of the Mary Swain will by Mrs. Harriet De Vine, Chief of Police Vollmer stated that the typewriter was used only for the protection of an anonymous letter which was enclosed with the forged will and adoption papers which were mailed to Mrs. J. F. Barber.

### Helpless Woman Burned to Death in Her Bed

SAN FRANCISCO, Feb. 15.—Mrs. J. S. Bates, octogenarian, on 279 Jersey street, was burned to death at 7 o'clock this morning as she lay helpless in a little room in the home of her son-in-law, W. W. Norton. The aged woman had been ill for some time and a sleeping apartment was arranged for her off of a porch in the rear. There were no electric connections and a candle was used for light. This morning Norton, who is a clergyman, was in the yard when he noticed smoke coming from Mrs. Bates' room. He hurried upstairs and rushed in to find the apartment filled with smoke, the bedclothing ablaze and the unfortunate woman

### Dying Man Confesses to Murder of Gov. Goebel

HELENA, Ark., Feb. 15.—Fatally wounded in a duel with a bartender here today, James (Jeb) Gilbert, who came from Kentucky, declared he was the man who fired the shot that killed Governor Goebel at Frankfort, Ky., in January, 1900.

### BEAUTY IS GREATER ASSET THAN IN PAST

Beauty will never be as valuable an asset as when THE TRIBUNE'S Beauty Committee proceeds to seek the ten fairest of the fair among Oakland society women. The selection of that committee is under way, and should be completed in short order. They will lose no time in getting down to work, and the result of their observation and selection will be an event of the near future.

There are a host of fair women who are candidates for the honor THE TRIBUNE is to bestow. Some are fair of feature and form; others add charm and grace to their attributes; some depend upon radiant complexions; many combine all of these, and THE TRIBUNE is going to look for the ten who have them in the best proportion.

When the committee completes a pleasant task the names and photographs of Oakland's ten most beautiful women will be published in THE TRIBUNE. Tea table predictions are rife; society talk has turned to beauty in all its forms. In the meantime THE TRIBUNE is busy finding those best able to judge the fair ones. And that is a task.

# 'SIR' HARRY COOPER IS SOUGHT

Notorious Ex-Convict Makes Love to Oakland Nurse, Although Married

(Continued From Page 1.)

several week ago accompanied him to the store. After Dr. Enos became suspicious he notified his friends, telling them that he could not speak for Abraham, other than the fact that he had merely met him in a business way.

## CUNNING PLOT.

The story of Dr. Abraham's dual existence in Oakland and the cunning manner in which he wormed his way into the good graces of business and professional men and bankers, is one of the most involved and intricate that has ever come to the notice of the local police.

Within a few weeks after he had been paroled from San Quentin he set up in practice here. He took the name of Dr. Abraham. In the official register of practicing physicians appears the name of Dr. Milton Abraham, Harrisburg, Pa. It is believed that he was merely a name to attract attention, by stating that it must have been a printer's mistake.

## PROPOSES TO NURSE.

Soon after Dr. Abraham commenced sending patients to St. Anthony's hospital he told Dr. Enos that he desired to purchase an interest in the institution. Dr. Enos set a price, which was somewhat high for the reason that he did not particularly desire to sell. Abraham treated the matter as a mere bluff. He then proposed to the doctor that his mother and sister had gone to Egypt, and that his family were very wealthy.

On one occasion, after Miss Clin had refused to marry him, the ex-convict left the hospital with a threat to commit suicide. Miss Clin hurried to Dr. Enos with the story, and the physician followed Abraham to the Twelfth street and Broadway in his automobile. He saw the man on a street car bound to East Oakland and got on the car. At his request Abraham returned to the hospital, and after a discussion promised not to do so again.

On the night of Abraham's dinner, given in the dining-room of the hospital, Abraham had arranged with Deputy County Clerk Andrew Johnson, who was present, to have the deed of Miss Clin to him. He refused to do so, and the physician followed him to his home. He was there when he was told that his mother and sister had been killed in an accident. He showed the message to the doctor, who was told that the message was from England and in order to settle the \$100,000 estate, all of which would fall to him. He stated that he would like to close the proposed deal before he left and suggested that the doctor, who was a close friend of his, make the trip.

## GIVES FORGED DRAFT.

The first of last week, accompanied by Dr. Enos, he went to the Central Bank and presented the draft for \$1000. Without his knowledge, the bank examined the draft and found it to be a forgery. The bank official, who was a close friend of Dr. Enos, pronounced it a crude imitation and forgery, although it did not declare themselves to Abraham.

Dr. Enos then commenced an investigation in his medical office, and found that the forger used on the bogus draft had been purchased at a local stationery store as well as a rubber stamp set with which had been stamped the words, "Guaranteed by the Bank of England," several times. The forger had been printed on American water-marked paper and only bore one signature, where it is the usual custom for a bank to place two signatures on drafts.

## PRESENTS OTHER PAPERS.

At the time his present position as a physician at the hospital, he also showed Dr. Enos a paper that purported to be a summons for his appearance in an English court, where the estate he expected to inherit would be settled. It is said that the paper was a carefully executed and beautiful penmanship and to all appearances were authentic.

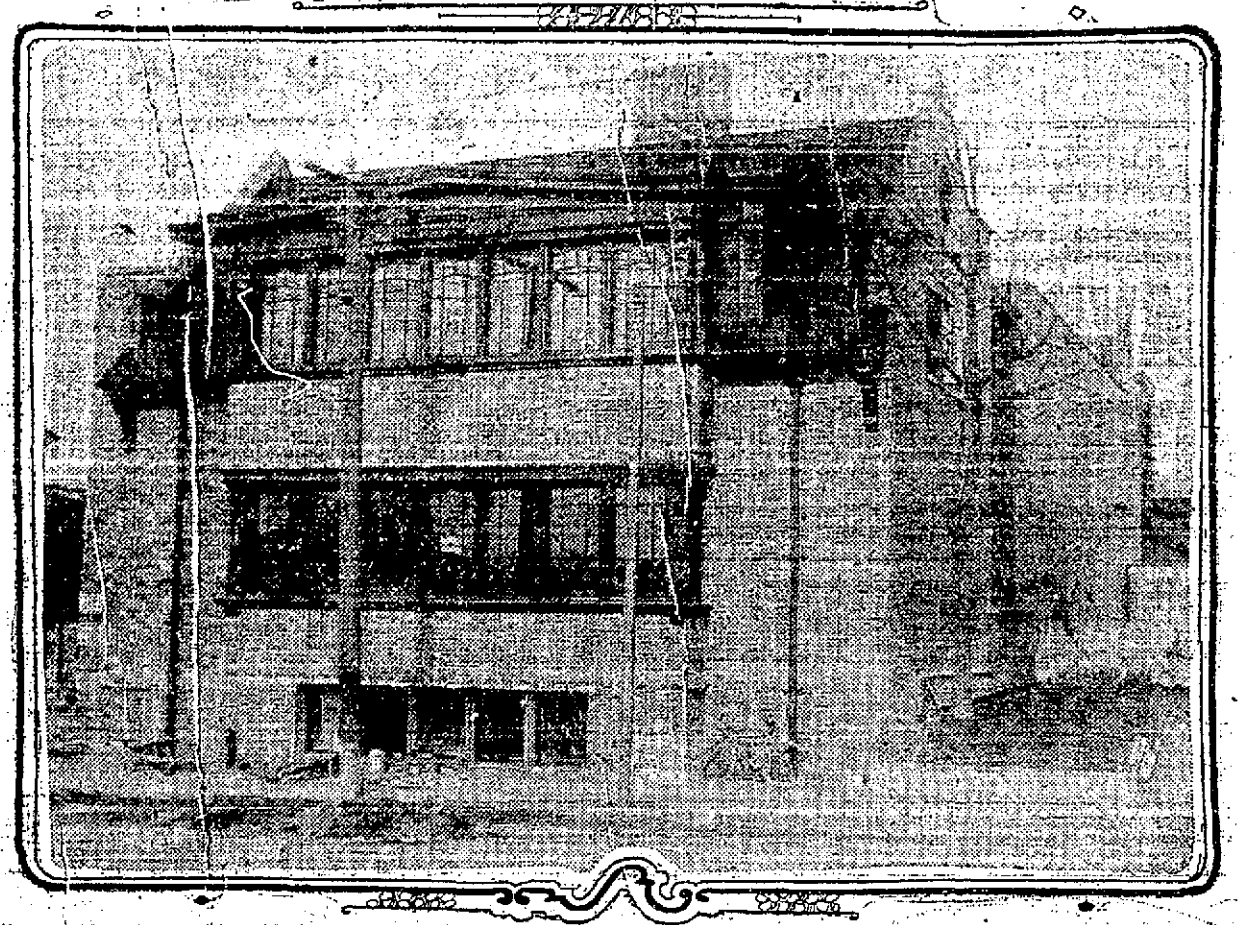

After the draft had been declared a possible forgery, Dr. Enos notified the bank and the latter found that the latter had already run up bills for goods. One of these was at Heeseman's, where he owed some \$1000. He said that the bank had notified that \$1000 he had paid him on the paper while it was being returned to England for collection. This sum, he said, was desired as part payment on the hospital deal. Dr. Enos told the bankers that he did not need the money and that he would wait until the draft had been accepted.

## MEET FRIDAY NIGHT.

Last Friday evening Abraham telephoned to Dr. Enos and asked him to take dinner with him at the hotel. The invitation being accepted, that was the last time the two men met. Dr. Enos, however, had sent word to the policeman that he intended to go to their case in the meantime.

Several days ago the case of Abraham was called to the attention of Captain of Inspectors W. J. Peterson. He detained Inspectors St. Clair, Burdette and Tom Gallagher to make an investigation. They worked on the case three days, including yesterday, but found that Abraham had left town some time Friday night or Saturday morning. His home and office were both deserted, his family having gone. It is said, to another part of the state. Abraham himself landed out of \$2000 by forged draft and came to San Francisco. He took lodging here with his wife at the Langham Hotel, giving his name as Sir Henry Westwood Cooper, a physician. Shortly afterward went to Mountain View. Left wife there, and consulted with Miss Fanning, a waitress, planning to elope with her to Portland. In August, 1907, he deposited in the Crocker-Woolworth National Bank a guaranteed draft on the Bank of New South Wales for \$140,000.

# WEEK OF FESTIVITIES WILL MARK PARISH HOUSE OPENING

Plymouth Center, the new parish house of the Plymouth Congregational Church of this city, which will be dedicated Monday evening with impressive ceremonies.

The doors of Plymouth Center, the parish house of the Plymouth Congregational church of this city, will be open to the public Monday evening, when the new edifice will be dedicated. It will be the initial event in the celebration, which will continue throughout the week. The festivities will close Friday evening with a housewarming, which will be held in the gymnasium. Members of the Women's Clubs of the church will receive the guests.

## EASILY MADE FRIENDS.

That Abraham was familiar with the medical profession is stated by Dr. Enos, and in his every manner the impostor acted as a gentleman. He was courteous and emotional and easily won friendships wherever he was introduced. He could weep tears of joy or sadness seemingly at his desire and as the occasion demanded. His nature was impulsive to such an extent that Dr. Enos did not suspect his motives in attempting to rush through his several proposals.

"He was such a nice man in his manner and seemed to be so sincere in his courtship," said Miss Clin, the head nurse at the hospital. "But I did not like him for some reason or other and continually told him that I would never marry him. Every time he came to the hospital he mentioned the subject and would not take no for an answer. We went out together on one occasion and he took me to a restaurant and I saw him in an automobile with Dr. Enos."

According to the description in the hands of the police, Abraham is 43 years old, has blue eyes, brown hair, weighs about 150 pounds and is 5 feet 7 inches in height. When last seen, he wore a moustache. That the next few days may result in further developments in the case is believed by the police, for it is thought that the numerous offers of money must have been victims of Abraham, though his big coup was undoubtedly proposed to have been making the Central Bank. He had laid his foundation well over several months' time and among his selections as most able to assist him were Dr. Enos and the whole plot is known to them. In getting away with the \$100,000 draft, so complete had been his plan that he evidently believed there would be no suspicion attached to the draft upon presentation. The whole plot is known to them from beginning to end, as one deliberately began with a view of swindling the bank, but owing to the thoroughness of the institution, the paper was looked upon with suspicion as soon as it passed into the hands of the officials.

## Cooper Has Long Criminal Career

SAN FRANCISCO, Feb. 15.—Record of Ernest Moore Chadwick, alias Sir Harry Westwood Cooper, alias McDonald, alias Hutchings, alias Humphreys, alias Abraham: On October 28, 1893, arrived in Sydney from England.

In 1891 arrested in Sydney under the name of Charles Ernest Chadwick; tried on two charges of obtaining money under false pretenses, representing himself as an heir to a vast estate in England. Case dismissed. July 4, 1892, sent to a New South Wales prison for eighteen months for obtaining money under false pretenses.

June 17, 1895, under the name of Henry Westwood Cooper, married in Sydney to Helen Scott. Deserted her in 1895. June 12, 1896, in Brisbane, married Bertha Ethel Young, aged 17. August 2, 1898, left with his wife for England, saying he was going to claim an estate.

November 8, 1898, left England for America with wife under the name of Dr. Cooper. December 8, 1898, tried in Philadelphia for depositing a worthless draft for \$10,000. In Toronto, Canada, shortly after, occupied the pulpit in the Presbyterian Church.

## DESERTS WIFE.

May, 1897, married Ida Maude Campbell in Toronto under the name of Henry Westwood Cooper. He had deserted former wife. With new wife he went to Chicago. In June, 1897, fleeced his Chicago landlady out of \$2000 by forged draft and came to San Francisco. He took lodging here with his wife at the Langham Hotel, giving his name as Sir Henry Westwood Cooper, a physician. Shortly afterward went to Mountain View. Left wife there, and consulted with Miss Fanning, a waitress, planning to elope with her to Portland. In August, 1907, he deposited in the Crocker-Woolworth National Bank a guaranteed draft on the Bank of New South Wales for \$140,000.

The Center will be open daily. It was designed by Rev. Albert W. Palmer, pastor of Plymouth Congregational church, for sociability. About nine months ago a company of forty men of the church raised \$80,000 in ten days for the building and equipment. The cornerstone of the parish house was laid about three months ago.

# Negro Lynched by Frenzied Mob; Body Bullet-Ridden

MEMPHIS, Feb. 15.—An unidentified negro accused of having attacked a 16-year-old white girl yesterday, was lynched by a mob early today. It is said the negro confessed. He was dragged to a bridge and hanged while the mob used his body for a pistol target.

The attack on the girl occurred at Raleigh Springs, a Memphis suburb, and posses captured the negro last night. He was identified after being kept in hiding several hours to avoid delivery to the authorities.

After the man had been hanged and his body pierced by 50 or more bullets, it was cut down and hidden in the bushes, where it was discovered today.

MARSHALL, Tex., Feb. 15.—A mob lynched George Sanders and Mary Jackson, a negro and a negress, hanging them to the same tree, today, just across the Panola county line, it was learned here.

The negroes had lived at the same house with I. Sneed, the young negro who shot and killed Paul Strange, a white man, on January 29.

## APPROVE CLAIM OF SECOND COMPANY

As a result of the action of the Ransome-Crummey Company in the case of the Sidewalk on Hopkins street, within the time permitted, while a second company was at some expense through being reported as recommended by the council this morning ordered a readjustment to reimburse the Ransome-Crummey Company the second firm.

This was done in accordance with the following recommendation from the committee of Finance and Revenue: John T. Burdette, chairman; Mrs. Rose H. Atkinson, treasurer; Mrs. Beatrice E. Burdette, secretary; Mrs. Agnes McFarland, assistant secretary; Mrs. Laura C. Love, clerk; Mrs. Laura H. Burdette, historian; Mrs. Minnie Scogins, patriotic instructor; and Mrs. Ella Dunn, secretary.

And it further appears that the city council in ignorance of said construction, awarded preliminary work to the Ransome-Crummey Company for the performance of said work by public contract; that the latter paid the expenses of said proceedings.

I therefore recommend: First—That the Ransome-Crummey Company be compelled to pay to the city the amount of \$38.17, being the expense of said preliminary work.

Second—That the claim of the Ransome-Crummey Company in the sum of \$38.17 be approved, and the auditor be authorized to draw his warrant for the same.

Third—I further recommend that the claims in the Jefferson street opening be referred to the city attorney for his opinion.

Fourth—That the circular letter from the city clerk of the city of Cleveland, referring to the closing of a 7-cent street, be referred to the city attorney for his opinion.

On March 8, 1908, he was granted a new trial on a technical error, was tried on a charge of burglary and was sent to San Quentin for six years. He was paroled from the state institution on September 1, 1911.

## INDICT KENEY.

SAN FRANCISCO, Feb. 15.—The grand jury this afternoon returned an indictment against Leonard F. Kenev for bigamy on complaint of wife No. 1, Katharine Kenev. The second wife of the accused, Pearl Batholomew, has gone to Bakersfield with her father.

## ADOPT AMENDMENT.

WASHINGTON, Feb. 15.—The five-year army enlistment amendment to the army appropriation bill was adopted in the House today by a vote of 161 to 72.

# VENEZUELA PLANS WELCOME TO KNOX

Regards, Visit as Expression of American Friendliness and Faith.

CARACAS, Venezuela, Feb. 15.—Replying to an inquiry as to the views of the Venezuelan government regarding the announced visit of Secretary of State Knox, General Manuel A. Mito, minister of foreign affairs, said today:

"The president and the people of Venezuela have received the news of Mr. Knox's coming visit with the greatest satisfaction. The president considers the visit of the state secretary of the United States as a special demonstration of friendship and an indication of American union."

The government officials already have begun preparations on a grand scale for the reception of Secretary Knox.

Elliott Nortcott, the new minister from the United States to Venezuela, presented his credentials today to President Gomez, who, in reply to Nortcott's greeting, said:

"On account of the approaching opening of the Panama canal and the consequent extension of the horizon of Venezuelan commerce, the economic interests of your fatherland and ours have been brought closer together. This will bring about the formation of new bonds of friendship and respect for the fatherland of Washington and the state secretary of the United States, and progress as they were of American liberty and brotherhood."

## FOUR ARE KILLED.

PHILADELPHIA, Feb. 15.—The Pennsylvania railroad office here reports that four persons were killed and twenty-five injured when nine cars of the eastbound Pennsylvania Limited Express were derailed today at Warriors Bridge, Pa., four miles west of Harrisburg.

The train, it is said, was running late and at high speed when the engine was derailed, dragging the cars with it.

When the steel cars left the track several were thrown against the hills that skirt the Juniata river and two of them went into the water.

## THREE CARS IN RIVER.

HUNTINGDON, Pa., Feb. 15.—It is said here that the Pennsylvania Limited can into a freight train four miles west of Huntingdon and that three of the overturned cars went into the Juniata river. Physicians from surrounding towns were summoned. The overturned cars crashed into telegraph poles and the wires are all down.

ALTOONA, Pa., Feb. 15.—Four passengers were killed and 33 others injured today when the Pennsylvania Limited Express, which left Chicago yesterday, and which was due in New York at 5:30 p. m., was wrecked at Warriors Bridge, Pa.

The train left Altoona one hour late. It contained a postal car and 10 steel passenger cars, hauled by two locomotives. While passing Warrior's Bridge station the two locomotives and a postal car broke away from the rest of the train and ran ahead a quarter of a mile. The remainder of the train upset.

A partial list of passengers who escaped injury includes Congressman Mondell of Wyoming, and Congressman Sloan of Nebraska, and Pension Commissioner McBridge of Washington.

# This Case Is Worthy Of 'Judge Rumhauser'

Court Is to Decide Delicate Question of Fit or the Misfit of Corsets.

SAN FRANCISCO, Feb. 15.—The tale of the corset is destined to be a continued story. Moreover, the decision of the first feminine jury is to be appealed from and the name of the weighty question of the fit or misfit of these necessities appendages to the female costume is to be put into the hands of a higher court for perusal, opinion and verdict.

The action, which attracted much attention several weeks ago, was brought by Marion M. Penn against Mrs. V. C. Burdell and the former was granted a judgment in the sum of \$10 by the jurors of the fair sex, who listened to the revelation of the corset which did not perfectly set off the purchasers' figure, but which the modiste claimed was perfect.

Burdell, through her counsel, filed an appeal bond this morning, and some superior judge will have to solve the delicate problem.

## FIREBULLET INTO THROAT.

SAN FRANCISCO, Feb. 15.—Imas Tanaka, a Japanese farm hand living at the Martin house, 545 Grant avenue, was found dead shortly before noon with a gunshot wound in his throat. He had evidently committed suicide, had fired a bullet into the neck and bled to death. He had been ill for several months.

Evidence From Local Unions Are Said to Have Led to Arrests.

(Continued From Page 1.)

Herbert S. Hockin of Detroit, John T. Butler of Buffalo, N. Y., and Philip A. Cooley of New Orleans. All the men west of Denver who were indicted are regarded as being already in custody.

Appeals have come to President Ryan from many points asking the Iron Workers' International Union to assist indicted men in securing bonds and thus prevent their going to jail. Some appeals were said to have come from those who had escaped serving of warrants and who were endeavoring to be assured they would not have to go to jail.

To the appeal the iron workers' officials replied that the union was in no position to furnish bonds, as the aggregate of \$240,000 required made it impossible.

A great majority of the indictments were based on evidence taken by the government from the iron workers' international offices here, District Attorney Miller said. The evidence thus secured, he said, was correspondence from local unions in which reference to places that were to be blown up was made.

According to official reports only four of the men arrested are resisting removal to Indianapolis for arraignment. The men are W. H. Bennett and W. J. McCain of Kansas City, Mo., and W. E. Reddin and Herman Seiffert of Milwaukee, Wis.

## SEARCH FOR YOUNG.

BOSTON, Feb. 15.—Frank J. Higgins of Boston, who was arrested yesterday in connection with the dynamiting case and who failed to obtain bail, was brought before United States Commissioner Hays today on the question of a reduction in the \$5000 bail.

## TWO ARE MISSING.

PEORIA, Ill., Feb. 15.—According to Edward Symthe, the Peoria labor leader, arrested yesterday for alleged complicity in the dynamiting case, neither J. T. Irwin nor Frank Painter have been here for years. Irwin worked here five or six years ago, went from here to normal, and according to Symthe, now is in an asylum.

Painter, Symthe says, never worked in Peoria, and, so far as he knows, never was here.

## Your Easter Suit

### Should Be Made to Order

# TOMORROW

## Saturday and Monday

### Offers the Opportunity

—Last Friday we told you how our Sacramento landlord let us get our new Spring stock of Woolens in and then tried to make us sign an unfair lease.  
—We said we would fool him, and we are doing it.  
—You get the benefit.

Out of the 2,200 Suit patterns we transferred to our Oakland store—half of them are gone—the other half must go by next Monday.

## Sooner or Later

—you'll be ordering that suit for Easter—why not now—and make a nice little saving.  
—the styles for this Spring are so beautiful, and yet so practical, but still it takes a man-tailored Suit moulded to your figure, one that will hold its shape, to show it's real beauty and keep the same dainty freshness it possessed the day you purchased it.

### LOGIC

---If we could only get the time to have a ten-minute talk with every man or woman who takes a pride in their appearance, we would put the ready-made man out of business--- you wouldn't see so many sloppy people on the streets---you've been stung, so have hundreds of others---let us become your "clothes" reformer.

---Leave the ready-made for those who don't care.

---You can dress in style---serviceable, snappy clothes that have a character to them, and at the same price, too.

Just now you have an exceptional opportunity to save money, for every yard of cloth in the store is down to bedrock.

### To Be a United Customer

—means to be a satisfied customer.  
—one that received even more than expected.  
—Therefore, listen to what we say about this Special offer

## Here It Is

—any ladies' suit in our store  
—values up to \$45, workmanship that never slights—fit that, satisfied at the first try on—the same careful detail to finish as if you paid regular price—Skinner satin lined throughout — backed by our usual guarantee — made to your measure for

### MEN

---last week we had so many of our men customers complain that we were not treating them fairly in not giving them some special offer while we had this excess stock on hand, so we are going to let them in on this bargain feast.

### Now for the Kickers

---We are going to make you the same suit you have been paying us anywhere from \$30 to \$40 for---give you the same careful attention as to fit and detail---the same linings---the same trimmings---fix you up in the latest Spring style---give you our usual guarantee made-to-order---all for

### WANT ELECTION UNDER THE LOCAL OPTION LAW

MARTINEZ, Feb. 15.—The board of supervisors have received a petition from the third supervisorial district asking that an election under the local option law be held in the town of Walnut Creek and Pacheco. The petition had 148 signatures.

### REDUCING THE WAIST LINE IN BOTH SEXES

Many women with heavy, pendulous abdomens who wish to reduce their waists, and men who are usually advised to go to the gymnasium and use the various machines and exercises, find that the most effective and safe method is to use the following: Three simple household remedies which can be obtained at any drugstore at small cost, viz: 1. Marmola, 2. Oz Fluid, 3. Extract Capers Aromatic, and 35¢ oz. Pappanini Water. These are mixed together at home and taken a teaspoonful after meals and at bedtime. These three make a mixture that is not only perfectly harmless but actually quite effective in the system, regulating the digestion, purifying the blood and clearing the complexion of pimples and blemishes. The natural benefit is in the fact that the natural manner in which it reduces the fat person to the normal, healthy form of a fine physique. It having been proven to cause the reabsorption of fat from a pound of fat a day. Marmola, it does it systematically so that no matter how thick the skin is, it is not injured by any dieting nor exercise. It is a safe, reliable and effective remedy. It is also permitted to be used by children.

### ELECTRIC FLASHES TO GUARD PRISON

New City Jail in San Francisco to Have Unique Alarm.

SAN FRANCISCO, Feb. 15.—The new city prison on the top floor of the new Hall of Justice has been safeguarded by a series of electric alarms. An annunciator similar to those used in the theaters has been placed opposite each row of cells, and with lightninglike speed the slightest attempt to tamper with the lock or to fill away the bars will register. The annunciators will hold the cell number set in an electric light, and should a prisoner make the slightest attempt to break out, the number of his cell would appear in brilliant light on the face of the disk. A careful system of locks and bolts has been arranged for the new cells and there is little likelihood that the annunciators will ever be needed, but they are there, one in each aisle, and even the desk sergeant is instantly advised if anything goes wrong while the regular floor man may have his back turned. The move to the new hall is to be made the first of next week, when the prisoners will be transferred, and the police department officers of the Police Court, the district attorney's office and the city engineer will go back to Kearny and Washington streets, in a billiard on the site, where they held their sessions while the fire was

### burning and before that structure was doomed to fall. The present temporary Hall of Justice on Eddy street will be immediately torn down and a modern opera house constructed, to be called the Tivoli, and will be on a magnificent scale.

### TARIFF ON ORES TO BE DISCUSSED AT SPOKANE

SPOKANE, Wash., Feb. 15.—Discussion of the proposed tariff legislation affecting lead, zinc and tungsten ores is expected to be the principal feature of the northwest mining convention which opened a three days session here today. The delegates have arrived from Idaho, Montana, Colorado, Wyoming, Washington and Oregon. They were welcomed at the opening session by Mayor W. J. Hindley of Spokane. Representatives of the various state delegations responded. Among those scheduled to speak at the afternoon session are U. S. Senator W. C. C. N. J., who will speak on ore concentration, and State Senator H. N. Callaway of Butte, Mont., whose subject is "silver dollar."

### PAPER FOR FIVE YEARS ON HAND

State Printer Richardson Files Report of Stock at Sacramento.

SACRAMENTO, Feb. 15.—The firm of Cunningham, Curtis & Welch, which had a contract to furnish bond paper to the state and over which there was a slight controversy several days ago, has decided to furnish this paper in accordance with the provisions of the contract as demanded by State Printer Richardson. The State Printer received a letter from Samuel P. Welch in which the firm says that it accepts the Printer's view of the matter and will supply the grade of paper demanded.

### E. H. LOHMANN FINANCES IMPORTANT DOWNTOWN LOAN

There was placed of record yesterday by E. H. Lohmann, the well-known broker, a mortgage for \$25,000 on the property, southeast corner Fifteenth and Jefferson streets, on which will be immediately erected a five-story modern building, a ten-year lease of which has already been arranged. This is the third large sized loan which Mr. Lohmann has effected in that neighborhood within the last three weeks. He reports the loan market exceedingly active, having placed loans aggregating \$125,000 during the month of January, and upward of \$20,000 for the first fifteen days in February.

### PLAN ENTERTAINMENT FOR DANVILLE CHURCH

DANVILLE, Feb. 15.—An entertainment for the benefit of St. Isidore's church will be given in Grange Hall on Saturday evening, February 17, under the auspices of the San Ramon Valley band, William H. Coverdill and company of Vallejo will present two plays, "The Haunted Hotel" and "The Wandering Dutchman."

### PLAN TO PAVE STREETS

VALLEJO, Feb. 15.—Plans for the paving of Alameda street from Georgia street to the Napa road were formulated at a meeting here of twenty-five Alameda street freeholders Tuesday night. The men present effected organization by electing J. J. Madigan president of the association and B. F. Griffin secretary. The work of the club will include an investigation into the various kinds of pavement. A campaign for ornamental trees will also be inaugurated.

### 'WHITE HOPE' TO TEACH SCHOOL

"Husky With Punch" Wanted to Take What Women Can't Handle.

LONG BEACH, Feb. 15.—With the suggestion that a wild animal trainer and not a teacher was required to control the boys placed in her charge, Miss Margaret Walker handed her resignation as teacher in the Bixby School to the board of education yesterday. Miss Walker is the fourth young woman to resign the same position recently. "These boys not only threatened me," declared Miss Walker, tearfully, "but they proceeded to break up the furniture." Superintendent Graham of the Long Beach schools has been requested by the board of education to secure a big, husky male teacher, "with a punch in either hand," to take the school, and until he is obtained the school will remain closed.

## JUST IN TIME

Some Oakland People May Wait Till It's Too Late.

Don't wait until too late. Be sure to be in time. Just in time with kidney pills. Means curing the back. Before backache becomes chronic. Before serious urinary troubles set in. Doan's Kidney Pills will do this. Here is testimony to prove it:

Mrs. Mary Cannon, 2044 Tenth St., Berkeley, Cal., says: "Ten years ago I began to suffer from kidney and bladder trouble and the misery I endured cannot be fully described. The trouble must have been in my system a long time, as I seized me suddenly without warning. I had a pain in my back, often it was so severe that I could not refrain from screaming. I often had to take to my bed. As if the pain were not enough to annoy me, trouble from the kidney secretions got in. This steady drain weakened my entire system. My complexion became sallow, and dark rings encircled my eyes. Headache and dizzy spells were common and I was in despair. Being advised to try Doan's Kidney Pills, I did so and they proved to be just the remedy I needed. The contents of the first box made me feel like a new person and before long I was cured. I am now in good health and my kidneys are doing their work as they should." (Statement given August 12, 1907.)

A SECOND STATEMENT.

On January 12, 1910, Mrs. Cannon said: "During the past year I have had no need of a kidney medicine. I gladly recommend Doan's Kidney Pills and shall always have a word of praise for them. For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, send agents for the United States. Remember the name—Doan's—and take no other."

## TWO LADS HAVE NARROW ESCAPE

While Walking Track Near Fruitvale Are Struck by Local Train.

Manuel Myniz, 14 years, and John Cambra, aged 12, residing at 1210 East Eleventh street, were struck by a Seventh-street electric local of the Southern Pacific last night, about 7 o'clock, at the foot of Twenty-fourth avenue while they were walking along the track. Cambra sustained an ugly scalp wound, but was not hurt otherwise. Myniz was much more dangerously injured. He sustained, aside from scalp lacerations, an incised wound of the skull and several broken ribs, one of which punctured the lung. Both boys were treated at the Receiving Hospital, where Myniz' condition is reported precarious. The boys were walking with a milk truck, the railway track at the shortest route to their customers.

TINKERS WITH PISTOL GETS BULLET IN LEG

While tinkering with a revolver whose cylinder would not revolve, Bert Evans of 321 San Pablo avenue shot himself in the left leg about 12 o'clock last night. The accident occurred in his room. He was treated at the Receiving Hospital.

SHEPPARD REINSTATED.

NEW YORK, Feb. 15.—Melvin Sheppard, the runner, who was recently dishonorably discharged from the New York State National Guard for failure to attend drill, is again a member of the militia, having been reinstated in a Brooklyn regiment. The commanding officer of Sheppard's old regiment gave his consent to the reinstatement. Sheppard will be able to compete in the Olympic games.

## The Best Cough Syrup is Easily Made at Home

Cuts Little and Acts Quickly. Money Refunded if It Fails.

This recipe makes a pint of cough syrup, and saves you about \$2.00 as compared with ordinary cough remedies. It stops obstinate coughs—even whooping cough—in a hurry, and is splendid for sore lungs, asthmalic cough, hoarseness and other throat troubles.

Mix one pint of granulated sugar with 2½ pints of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents worth) in a pint bottle, and add the Sugar Syrup. Take a teaspoonful every one, two or three hours. Tastes good.

This takes right hold of a cough and gives almost instant relief. It stimulates the appetite, and is slightly laxative—both excellent features.

Pinex, as perhaps you know, is the most valuable concentrated compound of Norway white pine extract, rich in ginseng and the other natural healing pine elements.

No other preparation will do the work of Pinex in this recipe, although strained honey can be used instead of the sugar syrup, if desired.

Thousands of housewives in the United States and Canada now use this Pinex and Sugar Syrup recipe. This plan has often been imitated, but the old successful formula has never been equalled. Its low cost and quick results have made it immensely popular.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your agent has Pinex, and will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

## SON OF SOLOMON INTRODUCES NEW STAGE CHARACTER

HUGH HERBERT

Hugh Herbert, in "The Son of Solomon," continues to draw laughter and appreciation from crowded houses at the Oakland Orpheum. Herbert has introduced a new Jewish character to the stage and is giving a realistic portrait of him. A certain class of Hebrews in large cities seldom are known to the public. They are the old world men who are hovering between the orthodox and the modern. Herbert has carefully studied them and in "The Son of Solomon" has given them to theatrical audiences. The sketch deals mainly with the homecoming of the black sheep of the family, with his welcome, and, subsequently with the way that he is cured of a bad attack of crookedness.

Arkaloof's Russian Balalaika orchestra, with fifteen persons on the stage playing the native Russian instruments, has proved one of the vaudeville novelties of the season. With the orchestra is a young Russian dancer whose name is not on the program but who deserves the highest commendation for work that is sensational.

Alma Youlin, a soprano of accomplishment and skill, sings a number of popular songs in a manner that has won her instant favor. The Marlo-Aldo trio, consisting of three daring athletes, open the bill, and do it well. Julia has a lot of new impersonations. Brown and Newman work hard and not in vain, with much that is nonsense. Sharp and Wilkes use Southern songs and dances to fair advantage. The Alpine family, on two wires, put new touches on old tricks.

## RETAIL LUMBER DEALERS MEET

Feature of Session Was the Address on "The Mythical Lumber Trust."

SEATTLE, Feb. 15.—The ninth annual convention of the Western Retail Lumber Dealers' Association assembled today, with delegates present from Colorado, Idaho, Montana, California, Utah, Oregon, Nevada, Wyoming and Washington, which states consume 68 per cent of the forest products of Oregon and Washington. President C. C. Martin of Fresno, Cal., delivered the annual address, and Secretary A. Z. Porter of Spokane read his report.

At the afternoon session E. T. Allen of the Western Forestry and Conservation Association, lectured on forest industry, and John W. Barry of Cedar Rapids, Iowa, delivered an address on "The Mythical Lumber Trust."

## RIVER LOCKS TO BRING \$375,000

The Government Agrees to Purchase Property on the Willamette River.

PORTLAND, Feb. 15.—News reached here today from Washington that an agreement has been reached for the purchase by the government of the locks in the Willamette river at Oregon City. The consideration which it is said the Portland Railway Light and Power company has received is \$375,000.

Official notification by the federal authorities to conclude the transaction is expected in the immediate future. It is the expectation when the government assumes control of the property that the existing toll of 50 cents per ton will be abolished.

## HUBBY GAVE HER BUT MEAL A DAY—DIVORCE

When she was 18 years old, according to the testimony upon which she obtained an interlocutory decree of divorce from Charles Lee late yesterday in the superior court on the ground of extreme cruelty, Christine Lee married her husband, whom she was a belly in a hotel. The experiment turned out very badly for her, she testified, because in a short time it was proven that Lee refused to give her more than one meal a day.

This came at 5 o'clock in the afternoon, and in view of the fact that money was scarce with her the young wife often went many days at a time with nothing more to eat.

## FARMER NEAR DEATH IN PECULIAR ACCIDENT

STOCKTON, Feb. 15.—H. B. Lee, father of Mrs. George Stafford, had a narrow escape from death on the Stanford road north of this city, where he was working. Lee was driving a pair of young horses on a brush burner. The horses became frightened and started to run, and Lee went to their heads to hold them. He fell and the horses started on the run through the vineyard. The brush burner passed over Lee's body and he was killed. The brush burner was then put out by the fire. Lee had two ribs broken and his scalp badly torn.

## The burns were not serious and he will recover.

RICHARD J. MONTGOMERY, a well-known real estate man, who resides at 1815 Grove street, is recovering from the effects of the operation performed by Dr. Hammond at the Providence hospital a week ago, and is on the road to permanent recovery.

## NEW MINING STRIKE STAMPEDES NEVADANS

LAS VEGAS, Nev., Feb. 15.—This town is deserted. Everybody has gone to the scene of what is reported to be the greatest strike in the history of the state. Gold in quantities that cause the eyes to bulge in a solid streak a quarter of an inch wide fixed in a matrix of black quartz is visible. The strike was made on the property of the South Nevada Gold Mining Company, seven miles northeast of town, at a depth of 800 feet.

## SCREECHING PARROTS SAVE WOMAN'S LIFE

CHICAGO, Feb. 15.—The screeching of two parrots and the prompt arrival of a pulmotor were responsible for saving the life of Mrs. Mary Mason in her North Side home last night. Two girls entering the building heard the cries of the terrified birds, and opening the door of the Mason apartment, found the woman unconscious from gas. They gave the alarm and Mrs. Mason was revived.

## DEPART TO SALVAGE SPANISH WARSHIPS

BOSTON, Feb. 15.—The wrecking schooner Ned Walker will sail from Boston tomorrow to undertake salvage work on the Spanish warships sunk at Santiago in 1898 by the American fleet. The hulks will occupy several months. The material brought up will be disposed at West Indian ports. Later an attempt will be made to locate the lost treasure ships of the Spanish navy.

## WILL CONSERVE SALMON OF STATE

Over 80 Per Cent of Sacramento River Schools Will Reach Maturity.

SACRAMENTO, Feb. 15.—Over 80 per cent of all salmon hatched in the Sacramento river will be saved and allowed to grow to maturity when the new hatchery, established two months ago just outside the city beyond the Riverside baths, has gotten beyond the experimental stage and may be called a success, as it undoubtedly will be, according to Frank Stevens, president of the state fish and game commission. At present less than 1 per cent of the fish hatched become full sized, due chiefly to their getting lost in the irrigation ditches on their way to the sea from the upper stations and by predatory fish.

## PLAN CAMPAIGN WITH POST CARDS

The Progressive Democrats of New York to Call for Support.

ALBANY, N. Y., Feb. 15.—The executive committee of the Progressive Democracy of New York State which recently resolved "that existing political conditions justify the formation of a progressive Democracy of the State for reasoned and concerted action," will begin next week a postcard campaign to secure an expression of the progressive preference for the national Democratic standard bearer and what they believe to be the most important issue before the country. A convention will be held later to adopt a platform and send a delegation to Baltimore to vote the sentiment of the progressive Democrats of the state.

## LEW HAWKINS IS DECIDED WINNER AT BELL THEATER

ONE OF THREE DISCONS

Lew Hawkins, the colored comedian by way of burnt cork, creates a splendid impression at the Bell theater this week.

Hawkins, who has been before a very pleasant likeable black-face comedian who can come right along in a careless fashion while the audience laughs at or with him. At every performance he proves an instantaneous hit. The reason is easy to explain. Hawkins has plenty of amusing conversation, a good knowledge of how to say what he says, some very good parodies and a very fair voice with which to sing them. The comedian is recalled several times before the audience lets him go out and count his money," so says another newspaper, all of which we can properly vouch for.

Harry Burkhart, an old-time stock actor, presents a dramatic play teeming with mother love called "All Rivers Meet at Sea." Rita Davis as the mother, Alice Learn the child and Jack Daly as the brother, assist Burkhart. It presents an old plot in new form and points a moral that has a decided heart interest.

The Malvern troupe, all sizes, do some ground and lofty tumbling of the ordinary. A little chap who is tossed around like a human catapult helps the act.

The Three Discons, foreign misses, offer tuneful melodies and artistic dances. Paul Stephens, a one-legged balancer, wire walker and pole vaulter, is a novelty.

The picture, "His Mother," as shown on the motion picture sheet, is a powerful, heart-reaching story that is a decided feature.

## LIFELESS HUMAN BODIES ARE MADE TRANSPARENT

PHILADELPHIA, Pa., Feb. 15.—As the result of elaborate experiments conducted at the laboratories of the University of Pennsylvania, improvements have been made upon the X-ray photography as discovered by Professor Roentgen.

The new process of making the human body perfectly transparent after death combines two essentially organic compounds. These are in the form of oils which are injected into the blood vessels, the same as though the body was to be embalmed, and when they meet within the tissues of the body they combine in such a manner as to form a substance as clear as crystal.

## "DUTCH TREAT" BILL HOVERS OVER ALBANY

ALBANY, N. Y., Feb. 15.—Assemblyman Henry A. Constantine, who comes from Niagara Falls, has introduced a "Dutch treat" bill. If the bill can be distilled into a law any one who says "what will you have?" may be fined \$500 and sent to prison for a year. To make the "Dutch treat" habit effective, the bar-keeper who serves the drink to a man who doesn't order and pay for it himself, shall be guilty of a misdemeanor.

"The Continental practice of every one paying for his own drink," said Assemblyman Constantine today, "ought to be enforced in this country by legal enactment. This treating idea causes a great deal of trouble, because most men don't know at what particular moment to switch and say 'Gimme a cigar instead.'"

**IDaho POSTMASTER KILLED.**  
COBUR D'ALENE, Idaho, Feb. 15.—Isaac A. Coplen, postmaster at Amwaco, seventeen miles from this place, was shot and killed Tuesday afternoon. Sheriff McFarlane arrested William A. Fondren and is holding him pending the finding of the coroner's jury. It is alleged that conflicts arose between Coplen and Fondren when Coplen filed a contest against a homestead taken up by Fondren.

## TO GROW FORAGE IN PHILIPPINES

Will Obviate the Necessity of Bringing Provender Over the Pacific.

WASHINGTON, Feb. 15.—Army quartermasters in the Philippines have found that it is possible to grow forage for their cavalry and transportation animals in the islands instead of bringing hay and timothy and oats across the Pacific at great expense. The problem apparently has been solved by the cultivation of guinea grass at Jolo, and it is estimated that by the use of the native grass the cost of forage can be reduced to one-fourth or less of its present cost. It has also been found practicable to use green rice as horse feed instead of oats.

## NEW OWNERS FOR MADISON SQUARE

Garden of That Name Passes Into Hands of New York Syndicate.

NEW YORK, Feb. 15.—Madison Square Garden, New York's famous show place, passed today into the hands of its new owners—a syndicate which plans ultimately to demolish the structure and erect a big summer hotel. The syndicate cleared that only one end of the block would be improved at present, the great amphitheater to be retained intact. This will leave the garden available for the housing of the Horse Show and other exhibitions which had been threatened with loss of what has been the only place available for such functions.

## REALTY DEALER HURT IN AUTO ACCIDENT

REEDLEY, Feb. 15.—Although the automobile turned over twice in rolling down a steep embankment, F. E. England, a real estate dealer of this city, was the only member of the party of four that was injured. England was driving the machine and was accompanied by his wife and two small children. The road had been recently oiled, and was very slippery. He ran his car into the side of the embankment and the machine skidded. The other occupants were thrown out of the machine when it went over the first time, but England was carried over twice. He suffered several broken bones.

## EXCURSION PLANNED TO PANAMA CANAL

The Chamber of Commerce is in receipt of an invitation for any of its members to join an excursion to the Isthmus of Panama, under the auspices of the San Francisco Chamber of Commerce. The party will leave on a specially chartered steamer, the *Somerset*, of the San Francisco Steamship company line, on April 25 and will return May 21.

The plans of the party include a three-day stop at Panama, broken with stops en route at San Jose de Guatemala, Guatemala City, and San Diego. Elaborate plans are being made for the entertainment of the passengers while on shipboard and the visits ashore will be semi-official.

## U. S. GOES ABROAD FOR MANY 'SPUDS'

The Total Receipts for Season Totals Million Sacks and \$700,000 Duty.

NEW YORK, Feb. 15.—Six large consignments of potatoes are expected to arrive in New York from abroad within the next two days, bringing the total receipts for the season up to a million sacks. The duty on the entire quantity will foot up to nearly \$700,000.

The arrivals will decrease from now on, as Germany and France are both buying heavily in Ireland and England. This is the first year that America has gone abroad for potatoes since 1908.

In the United States growers raise about 75 bushels of potatoes to the acre, while in England and Ireland the crops run from 200 to 235 bushels to the acre.

## PAPER FIRM TO STAND BY STATE'S CONTRACT

SACRAMENTO, Feb. 15.—That the state printing office has paper and stock enough on hand to supply over a million copybooks to school children and to meet the demands of the market for over five years, is the report of State Printer Friend W. Richardson, made to the text-book committee. He has made a careful investigation and finds that this stock cost the state nearly twice what it could have been purchased for in Ireland and England. This was made in 1908, and that at that time there was enough stock on hand to supply the market for nine years.

"There were 322,287 copybooks in the warehouse on the first of the year. There was on hand stock enough to print 324,444 more, making a total of 1,006,831. The average number of copybooks sold during the last three years was 191,170. The supply on hand will last until April 8, 1917. The last purchase of copybook paper was made from H. S. Crocker & Co., on June 30, 1908. The price was \$22.41. Since that date no copybook paper has been purchased. On April 28, 1908, there was a purchase of \$110,871, on July 30, 1908, a purchase of \$107,247, on September 2, 1907, \$57,248 and \$58,194. In less than one year 2785 reams of copy paper was purchased from Crocker at a cost of \$24,268.74. The stock was purchased at 19 and 19 1/2 cents a pound.

"On June 30, 1908, when the last purchase was made, there was enough copybook stock to supply the market for nearly nine years. There is enough on hand now to last until April 8, 1917. I have asked the various paper-houses to give me prices on copybook paper in quantities as small as 100 reams, and the average bid for stock equal to the stock furnished by Crocker is 10-1/2 cents a pound. This stock which cost the state \$24,268.74 four years ago, can now be purchased for \$15,430.02. It was paid for out of the state textbook fund, and the question of its disposition we called to the attention of the text book commission today."

## FOR SICK, SOUR, BILIOUS STOMACH, INDIGESTION AND GAS TAKE CASCARETS

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness; dizziness and sick headache, means indigestion; a disordered stomach which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they cure indigestion, because they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels. Then your stomach trouble is ended forever. A Cascaret tonight will straighten you out by morning—a 10-cent box will keep your entire family feeling good for months. Don't forget the children—their little insides need a good, gentle, cleansing, too.

## "TEDDY" LEARY DIES SUDDENLY IN SOUTH

LOS ANGELES, Feb. 15.—Theodore A. Leary, known from coast to coast as "Teddy" Leary, newspaper man, theatrical manager and press agent, died yesterday at the Highland Park Sanitarium from tuberculosis. Leary arrived here last Thursday as advance agent for "Ernest Mo." He became so ill that he could not continue and was sent to the sanitarium. His wife, a popular actress, was notified by telegram of his death, as was Henry N. Savage, whom he was representing.

## TWO NEAR DEATH WHEN BOULDER CRUSHES CABIN

PETALUMA, Feb. 15.—Henry Hensheimer and his nephew, Ray, who are working the Roblar mine north of this city, had a close call. A large boulder which had been blown through the mine by the result of a blast at the electric railway company, came crashing through their cabin roof and smashed the table which stood in the center of the room. They had left the place but a short time before the blast. The rock traveled for a distance of a thousand feet before striking the cabin roof.

# INDICTMENT IN DYNAMITE IS BRANDT CASE EXPECTED USED AT FUNERAL

Banker Schiff Said to Have Had Conference With the Police Inspector.

The Former Detective Admits Signing Report Without an Investigation.

NEW YORK, Feb. 15.—Indictments for conspiracy are expected by District Attorney Whitman, who with the grand jury made a further investigation today to determine whether improper influences were used to send Folke E. Brandt away for a long prison term on a charge of first degree burglary.

The prosecutor says he will continue the investigation even though the former valet of Mortimer L. Schiff, the banker, is pardoned by Governor Dix.

Following the testimony of former Detective Woldridge before the grand jury that he had been ordered to get up a report on the character of Brandt, that certain matters concerning the valet were placed in his hands, that he made no practical investigation but signed a report as a matter of office routine, the public prosecutor has heard that an attorney for Schiff, a police inspector and an unknown man held a conference three days before Brandt was sentenced. It is said that Schiff's attorney wrote a letter to the central office outlining the character of the report that he based on Brandt for submission to Judge Rosalsky.

Hearings by Commissioner Hand to determine whether the facts in the case justify a pardon for Brandt will probably begin here next Monday. It is said that Justice Gerard will delay his report in the habeas corpus matter until Commissioner Hand reports to Governor Dix.

## SEEK EXTENSIONS ON STREET WORK

Several petitions for extensions of time for various street work from the Ramsey-Crummey company were filed with the city council this morning, and because the council was unable to discover the reason for further delay the petitions were referred to Commissioner of Streets W. J. Baccus for investigation.

The petitions are as follows:

For sixty days extension in improving Twentieth street, between Grove and Bush streets.

For sixty days extension to complete Franklin street between Twentieth and Twenty-second streets.

For sixty days on Congress avenue and High street.

For sixty days on Webster, between First and Eleventh streets.

All these are under private contract.

The Concrete Aperture Blasted and Interment Is Then Proceeded With.

Caskets of Count and Countess Found to Be Too Large for Tomb.

MOSCOW, Russia, Feb. 15.—An extraordinary scene was witnessed today during the interment of Count and Countess Millyulin. The count held the rank of field marshal and was chief aide de camp of the emperor. He was minister of war during the reign of Emperor Alexander II and was the leading champion in the cause of the liberation of the Serfs. The funeral was attended by a large number of deputations, including several from France and Bulgaria.

The coffins were lowered into the vaults with imposing military honors, but then an awkward situation arose. Both coffins were several inches larger than the apertures in the tomb. Workmen were at once called and attempted to enlarge the openings, but the cement would not yield. The family vault is composed of five compartments separated by thick walls, and it was necessary to blast one of these.

The bodies were temporarily deposited in the chapel and when the tomb had been enlarged the burial services were repeated, but with the omission of the military honors.

The count, who was 56 years of age, and his wife, who was 39, died on the same day, the countess expiring first.

## ASSISTANT SOUGHT BY CITY TREASURER

Meese Tells Need of Additional Bookkeeper on His Staff.

Application for the addition of an assistant bookkeeper to his staff in the city treasury was made to the city council this morning by City Treasurer Edwin Meese. It is understood that the position will be created in all probability, as the work in his office has increased so, materially, that Meese has been forced to work nights to keep from going behind on the work.

The request will be given further consideration and in the meanwhile the treasurer has directed City Attorney Ben F. Woolner to draw an ordinance creating the place. The office has been conducted the many years by Meese with the assistance of a chief deputy and a bookkeeper.

## FEDERATED CLUBS IN SESSION MANY NOTED WOMEN PRESENT

MRS. CORA E. JONES, chairman of biennial board and past president of District Federation of Women's Clubs.

## Bunting and Golden Flowers in Evidence at Richmond Convention

RICHMOND, Feb. 15.—The long-heralded annual convention of the Alameda district Federation of Women's Clubs' convention opened under clear skies and most favorable conditions today at 1 p. m. with gold bunting flying, golden poppies in evidence, Sequoia parlors brilliant with the club color, bands playing, and many talented and stylishly-gowned women from all over central California in attendance.

The delegates were met at trains this forenoon by a committee com-

posed of Mrs. A. E. Smedley, Mrs. William Walker and Mrs. W. S. Runyon, with a corps of assistants, and were escorted to headquarters at the Sequoia Club for registration, and thence to the hotels assigned them. The convention was called to order by Mrs. Anna Little Barry, president, and has been busy since then in the work and reports of the credentials and other committees.

## FLOWERS IN PROFUSION.

This evening a banquet is to be served at Fraternal Hall, which is to be elaborate, with golden flowers, flags and ferns, and replete with short speeches from prominent delegates. Five counties are represented in the federation, and each is well represented at this eleventh convention. Nothing has been left undone by the local committees, all of whom have worked hard performing their respective duties and to whom is due the praise of arranging the many details for the session of the delegates in lavish manner. Among those prominent in this are:

Mrs. C. S. Gibson Mrs. H. B. Kinney  
Mrs. W. S. McLaughlin Mrs. S. F. Jenkins  
Mrs. J. W. Eaton Mrs. F. F. Fisher

Mrs. J. O. Ford Mrs. Paul Dunlap  
Mrs. Kate H. Smith Mrs. David Ziegler  
Mrs. Peter Roth Mrs. R. L. Stout

## THREE-DAY SESSION.

The convention remains in session today, tomorrow and Friday, and many prominent women and men are attending from San Francisco, Oakland, Berkeley, Los Angeles and other cities all over the state. The addresses tomorrow and next day by these women will be intellectual treats and deeply interesting, bearing as they will upon many of the vital problems confronting the whole woman's sphere, politics, temperance, education, literature, art, and the uplift and betterment of all humanity.

President Anna Little Barry's opening address to the delegates was short but to the point, being a welcome to the convention and an outline of the work to be accomplished. Mrs. Cora E. Jones, past president of the federation, Mrs. Present, and as chairman of the biennial board gave an outline of the next biennial meeting, which is to be held in San Francisco in June.

## PROGRAM EXTENSIVE.

Saturday the visitors will be given an automobile trip around the city and to the principal points of interest. Following is the program as outlined for tomorrow:

### FRICKSTAD NAMED FOR HOWE'S PLACE

Baccus Appoints Well Known Man Assistant City Engineer.

Walter N. Frickstad was this morning appointed by Commissioner of Streets W. J. Baccus to the position of assistant city engineer and ex-officio superintendent of streets, which was left vacant through the resignation of Walter C. Howe, who is now district engineer with the state highway commission. The appointment was ratified by the city council.

Frickstad was certified to the council and Commissioner Baccus as having passed the civil service tests with the highest percentage and credits among 11 engineers who were contestants in the commissions. As a local man, familiar with Oakland conditions, Frickstad was especially acceptable as the man for the place.

The appointment takes effect immediately, and Frickstad will enter upon his new duties today. Considerable street and sewer work is projected which will be performed.

Frickstad is a graduate of the University of California, and has been in the engineering profession for many years. He has been a member of the American Society of Civil Engineers and the California Society of Professional Engineers.

### 15-YEAR-OLD SON OF PAROLE OFFICER MISSING

The police have been notified of the disappearance of Elsworth Frank, son of R. J. Frank, deputy parole officer, who came to Oakland on Sunday evening, February 11, on Overland train No. 5, from Grass Valley, Nevada county, and who has not been heard of since. He is described as 15 years old, 5 feet 3 or 4 inches in height, weight 90 or 100 pounds, of dark complexion, light brown hair and black eyes. When last seen he wore a blue serge suit and gray hat.

## OAKLAND WOMAN IN EXPEDITION

Miss Annie M. Alexander is a Member of Party Which Obtains Vertebrates.

UNIVERSITY OF CALIFORNIA, Feb. 15.—The university press issued today a noteworthy account of the vertebrate fauna of Vancouver Island by Harry S. Swarth, curator of birds in the university museum of vertebrate zoology.

Many points of interest were visited by the expedition to this region which was headed by Swarth and of which at different times Miss Annie M. Alexander of Oakland, Miss Louise Kellogg and E. Despard were members.

The forgotten inlet of Nootka sound, than which there is probably no locality on the Pacific coast of more historic significance, is one of these. Discovered by Captain Cook in 1778, it was for many years the objective point of most of the traders and explorers in the region and was regarded as the strategic key to the whole northwest coast. The naturalist's interest in the spot is due to the fact that some of the early explorers brought back with them specimens of animals and plants hitherto new to the scientists of the period, and many species in various branches of natural history were described from examples taken there.

A number of specimens of the rare white-tailed ptarmigan were secured on the alpine arctic summits after many hardships due to the precipitous nature of the country. Swarth says: "We made a short trip here (Della lake) in search of ptarmigan, the country being so rough that we were unable to transport enough camp equipment to enable us to remain more than a day or two, in fact, it is a sufficient trip without any load. Most of the way the trail leads through thick woods, over rolling country, gradually ascending, but with many steep grades. There are a number of streams to be crossed over very precarious bridges, some of them at dizzy heights above the water. One of these, composed of two fir trees felled across a narrow gorge, with a single log laid across about three feet apart, spanned a waterfall, dropping below a sheer seventy or eighty feet; and the roar of the water, combined with the trembling of the rickety structure, formed a combination that would be decidedly uninviting to a person inclined to be dizzy. The hard climb came at the farther end of the trail, which led to the base of a towering rocky cliff, the top of which was a series of tremendous falls. A fragment of rotten rope dangling from a ledge at one side showed where the trail ascended, and the ropes of the party were fastened to the sides of the cliff, with the occasional aid of ropes or leading trees, and with short intervals of rock slides where walking was possible. Our dog was unable to follow."

Arrived at the top they found themselves in a rocky, bowl-shaped valley, surrounded by precipitous, snow-covered mountains, and it was here on these high mountain heights that the ptarmigan were secured. Facts of interest to investigators were discovered. A dark colored species of groundhog or woodchuck new to science was found on the highest mountains of the coast. Among other species of animals secured were black-tailed deer, the Pacific beaver, mountain lion, gray wolf, Canadian otter, mink, muskrat, marten, black bear and Pacific raccoon. The expedition also contributed largely to knowledge of the life-zones of Vancouver island, of which almost nothing had previously been known.

## PIONEER OF ALTAMONT SENT TO AN ASYLUM

Andrew Winters, the pioneer saloon keeper of Altamont, who resented three deputy sheriffs Wednesday night with a shotgun when they placed him under arrest, was committed to the county jail at Agnew this afternoon by Superior Judge Ellsworth. Winters stated that the lunatic asylum at Agnew was constantly in touch with spirits and that during the last month he had killed 350 policemen and all would slaughter many more when he got his liberty. The insane man started a fight in the courtroom upon learning that he had been committed and it required four husky deputy sheriffs to overpower and handcuff him. He fought all the way back to the receiving hospital and there he was another desperate struggle in the hall of the detention ward before the deputies could get him into his room. He was taken to Agnew late this afternoon.

## NEW WOOL DILL MAY BE REPORTED AT ONCE

WASHINGTON, Feb. 15.—Strong pressure is being brought to bear on the Democratic members of the house ways and means committee to report a new wool tariff revision bill soon and there is a possibility that the proposed tariff may be introduced to make way for the famous schedule "X."

## BIG OIL GUSHER AT COALINGA ON FIRE

## ENCINAL CITY GIRL TO WED PASTOR OF LOS ANGELES

MISS DOROTHE HALLOWELL. —Cockcroft Photo.

ALAMEDA, Feb. 15.—At a pretty appointed St. Valentine's day card party at the home of Mrs. B. F. Stone on Alameda avenue, Miss Dorothy Halliwell yesterday afternoon announced her engagement to the Rev. Archibald W. Noel Porter, rector of St. James Episcopal church in Los Angeles. The wedding will take place this spring. The clergyman and his fiancée met while Porter was assistant rector of Christ Church in Alameda.

Cupid's hearts, bearing the names of the engaged couple, told the secret to Mrs. Stone's guests. The hearts bearing the names were buried in dainty baskets of violets. Miss Halliwell is the daughter of Mr. and Mrs. John C. Halliwell, her family being prominent in Alameda and leading members of Christ church. Miss Halliwell is a warm advocate of the young women's society, and she has been instrumental in securing a number of new members for the church. She is a member of the Young Women's Christian Association and the Young Women's Club.

## DANCE FOLLOWS MUSICAL PROGRAM

Lodge No. 4 of the Order of Californians entertained a large number of friends and members last evening at Lincoln hall with an excellent musical and literary program, followed by an informal dance.

## PORTER BASKETBALL GIRLS WIN GAME

ALAMEDA, Feb. 15.—Girls of the Porter school basketball team yesterday afternoon defeated the team from the Alameda school by a score of 15 to 12. A large crowd attended the game, which was marked with much enthusiasm from the rooting section. The game was repeated with good play, and a return match is arranged. The girls of the Porter school are confident they can turn the tables at the next game and the Porter school ladies are confident they will prove their superiority by administering another defeat. Both teams are to practice diligently for the next match.

## BOYS' BRIGADE PLANS NIGHT OF VAUDEVILLE

ALAMEDA, Feb. 15.—Boys of the brigade of the Congregational and Presbyterian churches are planning to give a vaudeville show at the First Congregational church on the evening of Feb. 22. The show will consist of a variety of acts, including a musical comedy, a play, and a variety of other entertainment. The proceeds of the show will be used for the benefit of the church.

## WOMEN LOOK FOR GREATEST RETURNS

Miss Julia Morgan Declares It Too Early to Make Prediction of Result.

UNIVERSITY OF CALIFORNIA, Feb. 15.—That it is too early to predict just how women will acquit themselves in the field of architecture, which is new to them, was the opinion expressed by Miss Julia Morgan, of Oakland, one of the most noted women architects in California, who graduated from the University of California in 1901. She has had remarkable success in a profession which had few women followers at the time she entered it.

Miss Morgan had invaded San Francisco, where she is competing with the best known men architects in the state. She spoke on the subject of "Vocational Opportunities for Women."

The architect declared that her profession appealed to her because it is shown by the large number of inquiries made by the sex concerning it and by the number of women in the embryo draughtsman stage.

"Those women who are really serious in their work, and love it enough to deserve to be of great interest to see how well they make use of their opportunities. It is too early to predict just how women will acquit themselves in a field so old, yet so new."

## THINGS TO BE CONSIDERED.

Of the opportunities in the profession and the qualifications for entering it, Miss Morgan said: "A woman graduate will generally look for the largest immediate financial returns, where her brother will look for the future. The first points to decide for the student seriously considering architecture as a profession, is as to whether her interest in and love for the work is strong enough to carry her through the student days, through the days of small earnings and through the experiences and vicissitudes of a business life. It might be a practical help to state that the salary of the college graduate entering an office is usually about \$10.00 a week, or about what an office boy will earn who has been in the office a year. If students could not work in the summer weeks they could not only gain insight into the way actual work is done, but practical knowledge that would help them in securing a position on graduation. Just the business knowledge acquired in securing the positions (it is harder to secure the better) would help them to adopt themselves to work under different architects and under varying conditions. It is of special help to the woman student, and perhaps make her see more clearly than anything else her own fitness or unfitness for the work."

"It is not always possible for even an observing teacher to say with positiveness that a given student has or has not the making of an architect. A student of average intelligence and eyes to do what a comrade does brilliantly and easily one year, may a few years later have faded into a mediocre one. To some students 'preception' comes in sudden jumps, to others in slow but steady days. The former are irregular progress will hold throughout the office life. Some draughtsmen will gain high salaries rapidly, others will probably be the majority will not earn more than \$50.00 at the end of the third year after graduation. How long a draughtsman continues to improve will depend upon personal ability."

## WILL DISCUSS THE WATER RATES

City Council Will Meet Saturday Morning to Consider Schedule.

An informal session of the city council has been set for Saturday morning at 9 o'clock, at which the matter of water rate fixing will probably be taken up by the commissioners. At last Saturday's informal session Council engineer J. H. Dockweiler explained the present regulations in regard to flat and meter rates, and was given authorization as the representative of the city council to ask certain information from the Peoples Water Company in regard to the business of the concern, to be used in the rate-fixing by the council.

## DR. A. E. OSBORNE TO REPLACE STONE

## GRAIN WAREHOUSE AT PREY TO THE FLAMES

FRESNO, Feb. 15.—Although yesterday and today the local fire department first fire fighting efforts were directed against the burning of the Ballard & Bowling grain warehouse in the southern part of this city, smoldering flames quickened into life at 1 o'clock this morning and destroyed the building and its contents.

## COUPLE CELEBRATE 51ST ANNIVERSARY

Mr. and Mrs. Edmund Watkins Married in England; Came to California.

ALAMEDA, Feb. 15.—Mr. and Mrs. Edmund Watkins celebrated their fifty-first wedding anniversary last night at their home, 1542 Pearl street. Six of their ten children were present at the celebration. Mr. and Mrs. Watkins were married at Chislehurst, England, on February 14, 1861. Watkins came to California direct from England in 1851 and made three trips back to England prior to his marriage. He came in a ship owned by his father, which brought a cargo of miscellaneous English freight to San Francisco from Liverpool around Cape Horn, consuming seven months on the way. A part of the shipment consisted of 10,000 pounds of Irish butter packed in 400-pound kegs. The butter cost 25 cents a pound in Ireland and sold in San Francisco for \$1 a pound.

Watkins has spent most of his sixty years in California ranching, having farmed in Solano, Sonoma and San Luis Obispo counties and other counties. He has owned a valuable imported horse, which died at sea, and lost two others which were washed overboard on route across the Atlantic. He instructed Watkins to insure England's Glory for \$2500, but the insurance rate was 50 per cent. Watkins, rather than pay \$1250 insurance premium on the horse, took a chance and brought the animal safely across the two oceans to California.

The guests attending the wedding celebration were Edmund C. and Oliver Watkins, both of Belvedere. The four daughters present were Mrs. Peter Lamb, Mrs. Emily Bennett and Mrs. George May, all of San Francisco, and Miss Lillian Watkins of Alameda.

## GIRLS BANQUET THE SOCCER CHAMPIONS

ALAMEDA, Feb. 15.—The girls of Washington Park were hostesses last night at a party and banquet given for the boys of the victorious Washington Park soccer team at the rooms of the Alameda Improvement club. The evening was spent in games appropriate to the Valentine holiday, after which an elaborate supper was served in the banquet room.

Frank Inganni, president of the California Soccer League, presented each of the members of the team with a blocked "W." These are intended to be sewed on the uniforms of the players. The presentation speech was responded to by Hiller Zogel in a few well chosen words, would be of special help to the boys of the California association, will be presented on February 24, Play Festival day in Washington park. The cup is the trophy of the champions of the park and playground soccer league.

About 40 girls and boys were present at the party. The following young ladies were in charge of the affair: Miss Marie Dettin, play supervisor of Washington park, and the Misses Elsie Ritsau, Andy's Coats and Emma Ritsau.

## STUDENTS HAVE POOR EYESIGHT

One-fourth of College Undergraduates Have Normal Vision, Says Expert.

UNIVERSITY OF CALIFORNIA, Feb. 15.—But 21 per cent of the students of the state university have normal eyesight, 6 per cent are either far-sighted or far-sighted and astigmatic; 15 per cent are either near-sighted or near-sighted and astigmatic.

These discoveries were made through an examination of the eye conditions of 220 students of the university and have been published by Dr. T. C. Burnett of the physiological laboratory.

But 6 per cent of the native-born students are near-sighted, which is low, according to Dr. Burnett. The average in New York is 27 per cent. Says Dr. Burnett: "The students of the University of California are recruited largely from the public schools of the state and have spent eight years of summer and high school work. They ought, then, to form an excellent general average upon which to base a conclusion. If we regard myopia—short sight—as due to excessive use of the eyes in early school life when developmental processes are active, combined with faulty desks, poor illumination, sedentary habits and lack of nourishment, we must conclude from the above figures that the children in the schools of California do not use their eyes excessively, or that the conditions under which they pass their school lives are such as to reduce the tendency to myopia to a minimum. The first conclusion may be disregarded, for it may be stated without question that the scholarship at the University is of average excellence."

Dr. Burnett, who is a renowned medical missionary on the Labrador coast, will also speak at the University meeting in Harmon gymnasium tomorrow morning at 10 o'clock, and at numerous places around the bay during the next few days.

## MISS NELLIE SULLIVAN MARRIED LAST NIGHT

ALAMEDA, Feb. 15.—Miss Nellie Eleanor Sullivan, daughter of the late Mr. and Mrs. Daniel E. Sullivan, was married last night to Mr. and Mrs. Edmund Watkins of 1542 Pearl street, Alameda, were quietly married by the Rev. Father Hennessy of St. Joseph's church last evening.

The bride looked unusually attractive in a French imported gown of white chiffon trimmed in pearls, with a Juliette cap of pearls to match. She carried a shower bouquet of lilacs-of-the-valley and orchids. Miss Julia Watkins, her only attendant and sister of the groom, wore a pink messaline with large picture hat to match, and carried a gold basket filled with bride roses. Edmund C. Watkins was the best man.

The exercises were followed by refreshments and dancing and the evening passed was one of great pleasure.

## PROTESTS WOOING IN DOE LIBRARY

Editor of U. C. Daily Declares 'Queening' Is a Dire Nuisance.

UNIVERSITY OF CALIFORNIA, Feb. 14.—"The conversation seminary, short courses in 'queening' and business conferences that take place in the Doe library in a single day would amount in the aggregate and from a noise standpoint to the volume of a very fair-sized 'Osk!'"

Complaints of the use of the new university library as the place of flirtations and conversation have, the editor of the daily newspaper and organ of the Associated Students today lectures in these and other sarcastic words certain undergraduates and declares that in their misuse of the new Doe library have made themselves an annoyance and a hindrance to their fellows by their noisy conduct.

Study hours are the time, the library the place and a pretty co-ed of the girl in the comedy which is played daily in the principal study resort of the university, and a crusade has begun among the self-governing men students to promote self-restraint in the library and in the presence of the young women students whose faces are tantalizingly attractive when half-concealed behind a book.

# Here is Columbia \$59.00

## A Grafonola at \$59.00

With all the tone quality of the \$200.00 instruments.

**\$59.00 is the spot cash price of the outfit, which includes 24 selections.**

(12 Double-Disc Records)

**You Can Pay For It at the Rate of \$5 a month—No Interest—No Extras**

### THE OFFER

We agree to deliver to any address in Alameda county, one of these Grafonolas, together with an assortment of 12 double-disc records (24 selections) to be selected by us, or by you if you prefer.

So confident are we that the instrument will please even the most critical, that we agree to refund all money paid by any purchaser who may not in every way be satisfied with the instrument.

This is the first offer of this sort we ever made. We do it now because we intend either to place a Grafonola in every home in Oakland, Berkeley or Alameda, or at least give every household in Alameda county an opportunity to own one.

The outfit of records we have selected from the best selling and most popular of all classes, and includes the famous SEXTETTE from "CIGAR" and the equally famous QUARTETTE from "RIGOLETTO," which ought to be extremely interesting to any of your friends who own talking machines and have paid \$13 for those two selections alone. You are at liberty to make your own selection of records if you prefer.

This beautiful Grafonola—the first instrument of this latest improved type to be offered at anything like its price, is probably the best that it's price will ever buy. It seems pretty clear that the limit has been reached.

As a musical instrument, it is all that any musical instrument can be, and all those costing \$290 can claim to be.

Call, write or telephone.

## LATEST NEWS FROM OUTSIDE TOWNS

ANTIOCH STREETS  
TO BE IMPROVED

Plans Laid to Extend Vanderwater Thoroughfare to Wills Avenue.

ANTIOCH, Feb. 15.—Antioch's main streets are to be improved at great expense, according to the decision of the town trustees, arrived at Tuesday night. The plan of improvement calls for an option given the property owners whereby they can pay for the work within thirty days after completion or take ten years' time to pay their assessments. The work will be started at once, enabling the contractors to take advantage of the spring weather.

Probably one of the most important features of the undertaking will be the extension of Vanderwater street to Wills avenue, through the city, which would be a thoroughfare to the Southern Pacific station.

The trustees also took up the question of submitting an ordinance for the construction of a municipal electric lighting plant and it was the sense of the board that the project should be pushed with all speed. An electrical expert who has been making an investigation regarding the practicability of the town owning its own plant was ordered to complete his work at the earliest possible moment. It was stated that a special meeting would be called shortly after representatives from the Great Western Power Company and the Pacific Gas and Electric Company would be present to submit figures for furnishing the city power.

CREW OF INDEPENDENCE  
MAY BE TRANSFERRED

MARE ISLAND, Feb. 15.—Local officers are very much disturbed over the reports that the crew of the ship Independence, which is on duty at Mare Island, may be transferred to the San Francisco naval training station. The officers claim that the men on board the Independence are a bad lot, and that they are a danger to the public. They claim that the men are a bad lot, and that they are a danger to the public. They claim that the men are a bad lot, and that they are a danger to the public.

The following naval board has been appointed to inspect the crew of the ship Independence: Captain O. W. Koester, U. S. N., retired; Naval Constructor E. D. Galloway, U. S. N.; Lieutenant E. S. Nease, U. S. N.; and Lieutenant M. F. Farwell, U. S. N.

MARE ISLAND CHANNEL  
WILL BE SOUNDED

MARE ISLAND, Feb. 15.—Soundings in the vicinity of Mare Island will be made by the U. S. S. Albatross, U. S. N., during the next two weeks by officials of the public works department here with a view to submitting a report to the navy department. The sounding of the channel is a very important matter, as it will enable the navy to determine the depth of the channel and the location of the rocks. The sounding will be made by the U. S. S. Albatross, U. S. N., during the next two weeks by officials of the public works department here with a view to submitting a report to the navy department.

WORK OF SQUIRREL  
KILLER IS DISCUSSED

LAFAYETTE, Feb. 15.—The Lafayette Improvement Club, at its meeting Tuesday night, listened to talks by the federal squirrel inspectors on the squirrel-killing campaign which is being carried out throughout the country. The inspectors were given the support of all the club members in the work. Further plans for the erection of the new town hall, to cost in the neighborhood of \$150,000, were also discussed. The project will be financed by a stock company, of which local people will own the stock.

NEW CITY HALL PLANS  
ARE MADE AT VALLEJO

VALLEJO, Feb. 15.—A new city hall for Vallejo and branch county jail for Solano county, to be erected by the city and county jointly, is a project being advocated here at present which received the approval of the city commissioners yesterday and proceedings will begin at once for raising the \$75,000 bond issue for the joint building will be the first question the voters will be called upon to decide. The county's contribution to the joint building fund will be \$75,000.
